"Halperin leads his band, [Work of Art](#), through ten songs on [Lift](#), his music a wonderful combination of folk, bluegrass and country. [Lift](#) sounds about as lifelike as any recording I've ever heard."

- John Crossett for [SoundStage!](#)

*"Simply, this recording picks you up and brings you **into** the hall where the Music has been recorded. The "being there" sensation is perhaps the strongest I've ever felt while listening to a disc."*
